At Council on Wednesday, we will be bringing forward a package of support measures to help our businesses most affected by the occupation. See my email to Council:

Folks, on a package of measures to support our businesses most impacted by the occupation.

To that effect, we will be bringing forward a number of motions at Council on Wednesday to provide relief and assistance, as well as help attract customers back to downtown businesses and restaurants. These include:

- A targeted property tax deferral program for eligible retail businesses and restaurants in the affected areas ([SheridanKing](#))
- Funding to help the most impacted business districts program and market their renovations ([St-Jacques/Phenix](#))
- Support for the Ottawa Music Industry Coalition to offer vocal musical performances in the impacted neighbourhoods ([Sheridan/Lebreton](#))
- No-regression of the on-line based service measure that will include all routes that bring customers in and from the affected areas, including Line 1 ([Hurdley/McKenney](#))
- No charge parking for a month on street and at City garages in the impacted areas ([St-Jacques/Phenix](#))

I want to thank all Councilors for their support of these measures to help our small businesses survive this crisis. I also want to thank our staff in Economic Development and Finance for their work and due diligence making sure the assistance gets to those who need it most.

Sincerely,
Jim Watson
Mayor

Unsern Kollegen und Kollegen,

Mit besten Wünschen und mit unseren besten Wünschen für einen erfolgreichen Start der Woche für SheridanKing und die betroffenen Geschäfte und Restaurants. In der Tat, wir bringen eine Reihe von Maßnahmen vor, um unsere kleinen Unternehmen zu unterstützen, die am stärksten von der Besetzung betroffen sind, sowie um unsere Kunden zurück in die Innenstadt zu locken. Diese Maßnahmen umfassen:

- Ein gezieltes Programm zur Verzögerung der Steuern für kleine Einzelhandelsunternehmen und Restaurants in den betroffenen Gebieten ([SheridanKing](#))
- Unterstützung für das Ottawa Music Industry Coalition, um musikalische Aufführungen in den betroffenen Vierteln anzubieten ([Sheridan/Lebreton](#))
- Keine Regression der Online-Dienstleistungsmaßnahme, die alle Routen, die Kunden in und aus den betroffenen Gebieten bringen, einschließlich Linie 1 ([Hurdley/McKenney](#))
- Kein Gebührenparken für einen Monat auf der Straße und in den City-Garagen in den betroffenen Gebieten ([St-Jacques/Phenix](#))

Ich möchte allen Ratsmitgliedern danken für ihre Unterstützung dieser Maßnahmen, um unseren kleinen Unternehmen zu helfen, diese Krise zu überleben. Ich möchte auch unseren Mitarbeitern in der Abteilung für Wirtschaftsentwicklung und Finanzen danken für ihre harte Arbeit und die Sorgfalt, die sie bei der Sicherstellung der Unterstützung derjenigen, die sie am meisten benötigen, aufbringen.

Respektvoll,
Jim Watson

Following a productive call with @JimWatsonOttawa, I can confirm that the RCMP has approved all additional officers requested by the City of Ottawa. They will be ready to assist the @OttawaPolice, who are the police of jurisdiction.

My statement

Protest in Ottawa has caused significant disruption to local residents – including vandalism, expressions of hate and violence and ongoing obstruction of many essential services. The community is entitled to expect that the law is upheld and enforced by police, and that public safety is maintained.

I had a productive call with Mayor Jim Watson earlier tonight, where he said that the City of Ottawa has submitted a request to the RCMP for additional resources.

Following that call, I am able to confirm that the RCMP has approved all the additional officers that were requested, and they will be ready to assist the Ottawa Police Service, who are the police of jurisdiction.

This request is in addition to RCMP resources and support already in place since the arrival of the convoy in Ottawa. It is important to underline that these are operational decisions taken by the police, independent of the government.

Ottawans deserve to feel safe in their community. Federal public safety partners, including the RCMP, will continue to work closely with the City, OPS and all stakeholders to ensure that our laws are upheld and that public safety is maintained.

The Ontario Superior Court of Justice has granted the City of Ottawa's request for an injunction with respect to the protest. Memo attached.

La Cour supérieure de l'Ontario a accordé l'injonction demandée par la Ville d'Ottawa concernant la manifestation.

Translate Tweet

MEMO / NOTE DE SERVICE

To / Destinataire	Mayor and Members of City Council	Fichier de dossier:
From / Expéditeur	David White City Solicitor	
Subject / Objet	Injunction in Support of the City of Ottawa	Date: February 14, 2022

This afternoon, the Ontario Superior Court of Justice granted the City of Ottawa's request for an injunction addressing the widespread disregard for municipal by-laws arising out of the ongoing demonstrations. The Court agreed that the City's evidence of by-law violations (provided through GM of EPS, Kim Ayotte) was overwhelming and as such, the injunction will be issued today. In particular, the Court Order restrains persons from setting unlawful fires, discharging fireworks, causing noise, encumbering or damaging a highway by any means, and idling of vehicles in contravention of the Idling Control By-law.

The granting of the injunction supports the City's position that contraventions of municipal by-laws have negatively impacted the health, safety, and well-being of residents and visitors along with the economic, social and environmental well-being of the municipality.

The City's application was also joined by the Department of Justice (Federal) and the Attorney General (Ontario), who were granted intervenor status and supported the City's application. I would also note the intervenors were able to ensure that the provincial and federal law enforcement authorities were offered the opportunity to have input on the enforcement provisions of the injunction, as was the Ottawa Police Service.

In keeping with my previous comments, I would reiterate that the City does not and cannot direct the police in respect of the handling of the protests, nor the enforcement of today's injunction. Rather, in concert with the recently enacted Provincial Emergency Orders, the injunction obtained by the City is intended to supplement the tools available to law enforcement authorities to address the unlawful conduct of protestors.

The Court will provide reasons for its decision, to be delivered at a later date. A copy of the Order will be provided to Members of Council under separate cover today.
